

Associate of Arts in **PSYCHOLOGY**

SFBC

South Florida Bible College
& Theological Seminary

PROGRAM OVERVIEW

With so many emerging technologies and new distractions, our society needs Christian leaders to help shape growing minds and promote positive mental health. Psychology is a fascinating field of study where you can gain insight into the complex inner workings of the human mind. SFBC&TS's psychology classes will open the door to better understanding the human mind as you dig into aspects of personality types, human mental growth from childhood to adulthood, and the nature of human behavior.

SFBC&TS's Associate of Arts in Psychology degree integrates a Biblical worldview into every psychology class to ensure you are confidently prepared to address and answer the difficult questions that will arise in your future career. In less than two years, SFBC&TS's associate's degree in psychology teaches you about the mind, body, and spirit through professors who are committed to your spiritual and academic success with a curriculum that is centered on Christ.

The Associate of Arts degree is awarded to students who have completed a minimum of sixty credit hours of study or its equivalent in the area of psychology. This degree usually marks the halfway point to the baccalaureate degree.

FORMAT + SCHEDULE

The 60-credit curriculum of the A.A. in Psychology program consists of 20 courses which build upon each other to achieve the program objectives. All courses are offered either on campus or fully online and run a 16 week course format. For course descriptions and breakdowns, please see the SFBC&TS Academic Catalog.
